

GAINESVILLE ISD EMPLOYEE PROCESS MAP FOR COVID 19

*To be considered exposed to COVID-19, you need to have prolonged close contact with a person who has the virus. **Close contact includes** living in the same household, caring for a sick person with the virus, being within 6 feet of a sick person with the virus for at least 15 continuous minutes without the use of a face covering, or being in direct contact with secretions from the sick person.*

GAINESVILLE ISD STUDENT PROCESS MAP FOR COVID-19

Student reports they are **positive for COVID-19** OR reports they have symptoms of COVID-19

Student or parent notifies school nurse or campus administrator. Student remains home for 14 days from positive result

The student may return to campus after 14 days have passed from positive test result and/or 14 days have passed from symptom onset and at least 72 hours have passed with no fever, without the use of fever-reducing medication.

Student reports **one or more symptoms BEFORE** entry using screening protocol

The student may not continue on to class. Students will follow the **Isolation Plan**. Parent of student should contact their primary care physician for guidance.

The student may return to campus after 14 days have passed from symptom onset and at least 72 hours have passed with no fever, without the use of fever-reducing medication.

If student was on campus in the last 48 hours...

Student reports **experiencing one or more symptoms of COVID-19** during the school day

Follow **Isolation Plan** found on the *Student Guidance for Summer 2020* document and...

Student reports **someone at home has symptoms** OR **someone at home has tested positive**

This would be considered prolonged exposure to someone with COVID-19 or symptoms of COVID-19.

Student cannot enter the building. There is no need to notify staff or students regarding this scenario. Student should contact their primary care physician for guidance and remain home to self-isolate and avoid public spaces for 14 days.

Student reports **someone in their home was exposed to someone who tested positive or has symptoms**

If the someone at home is not symptomatic, but just 'exposed,' student may come to school and participate in activities (no need to self-isolate or notify any staff or students).

Teacher identifies any other student or staff who were present in the same class/group on the last day the student who tested positive was present. Teacher will report those persons to the Campus Nurse and Principal.

Campus Principal will work with Campus Nurse and Director of HR to send written notification of possible exposure to all staff and parent/guardian of students who were exposed.

All student and staff who were exposed will be excluded from campus activities for 14 days from date of last exposure. Those persons will need to monitor their symptoms at home and contact their primary care provider if they develop.
